

MODULO WHEELIE BIN ENCLOSURE

NEW

The new container cover offers an aesthetic and easy to install solution for the storage of waste bins. It is available in two sizes according to needs, adjustable in width or depth.

Dimensions: wide 2500 or 4800 mm

Three depths: 2000, 3400 ou 4800 mm.

Roof: anodised aluminum profiles with cross members in 40 x 40 mm steel tube and anti-UV-treated 10 mm cellular polycarbonate panels.

Panels: 13 mm compact HPL H 1500 mm in 7 slats, with two finish options either light oak or Mahogany.

Finish: galvanised and painted in our colours (see page 10).

Installation: to be concreted directly into the ground.

Optional: front return cladding in HPL.

	Length 2500 mm	Length 5000 mm
Deep 2000 mm	529780	529781
Deep 3400 mm	529782	-
Deep 4800 mm	529784	-

Optional: front return cladding and support post

Length 1400 mm	529787
