

Premia

Cherry with ash burl feature.

Contrasting veneers can be used as a feature band to either the top, middle or bottom of the reception desk. The picture above shows Walnut veneer with a maple centre.

Cherry veneer with brushed steel.

Oak veneer with brushed steel.

Scene

Compact Scene desks are perfect for smaller spaces.

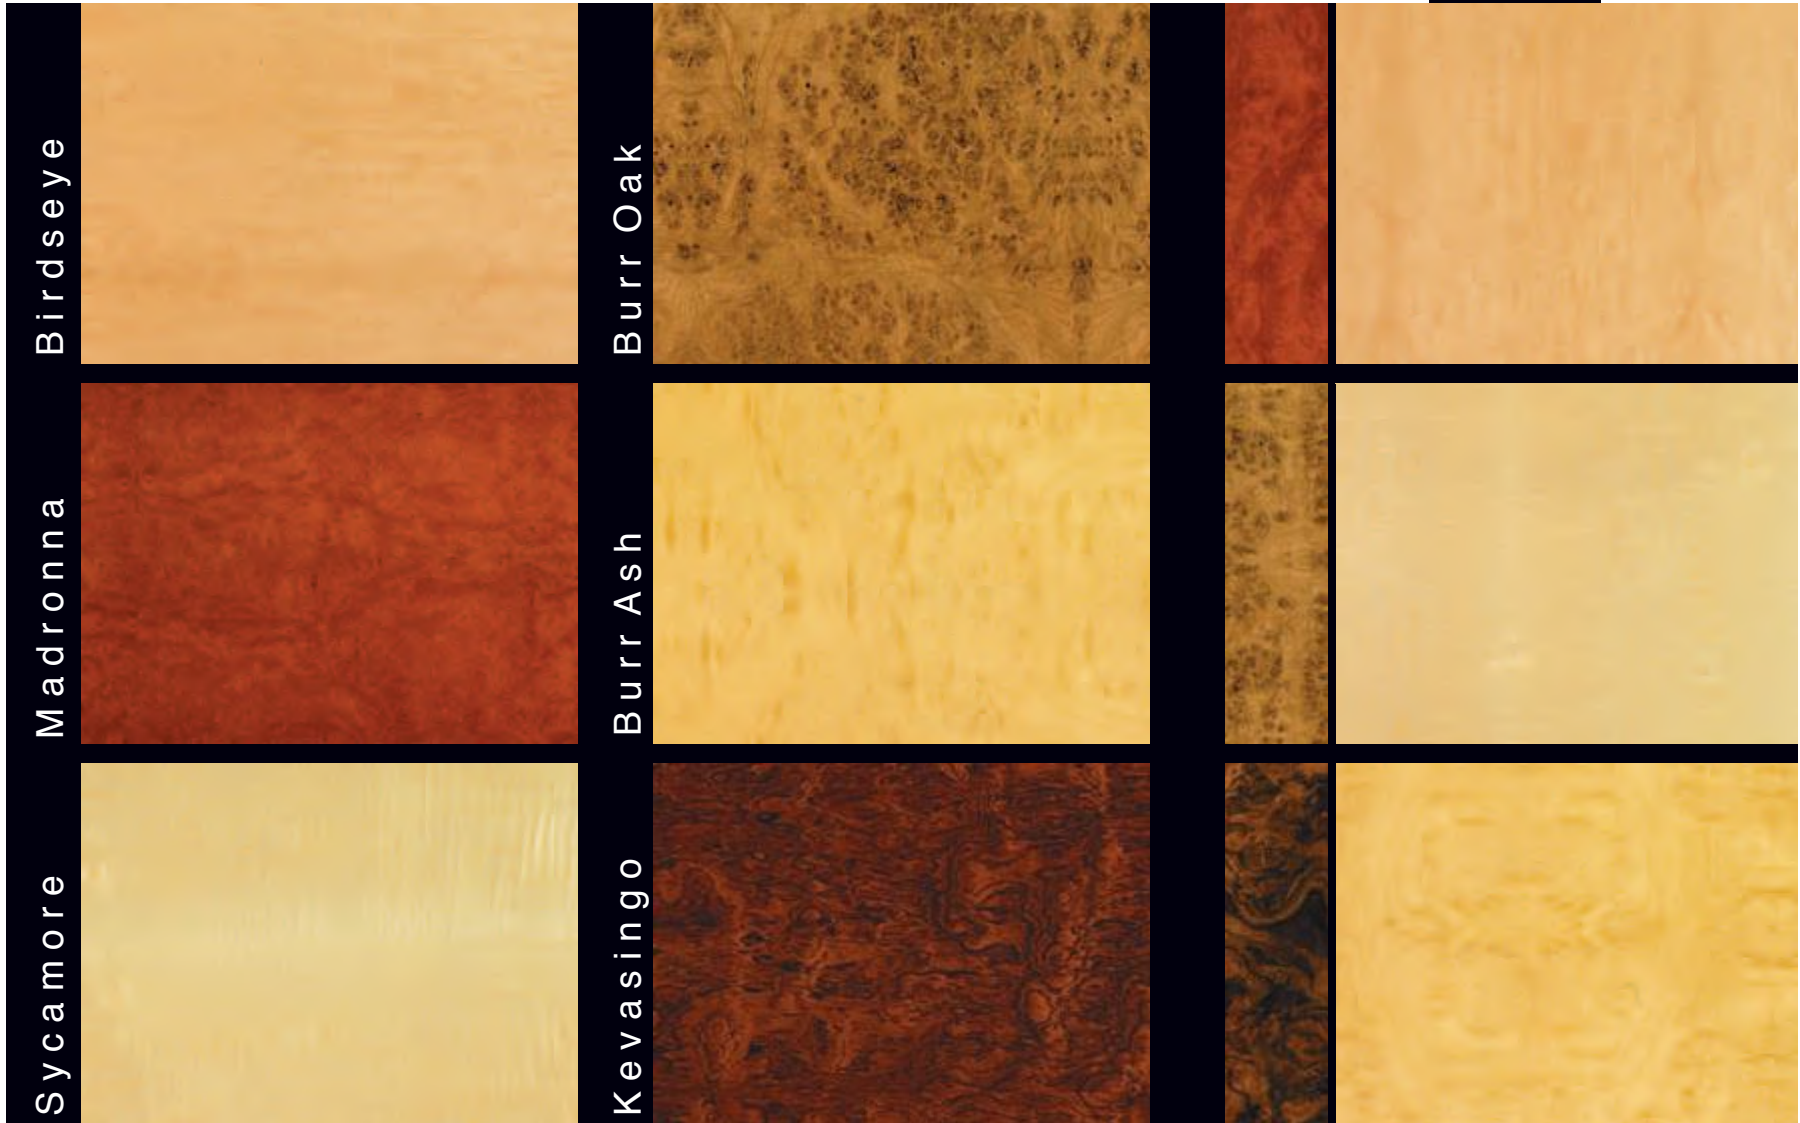

Veneers

The veneers shown above are popular standards taken from hundreds available. They can be used on their own or combined with decorative inlays to create stunning designs.

A sample of popular special veneers. They are often selected to enhance laser cut feature panels, logos and picture frame borders.
