

DRUM STORAGE SHELTER

Designed for the secure storage of cylinders, drums, components and products. These covered shelters provide a facility to store items securely outside a building. Built from square section steel frame with galvanised steel panel to the sides and rear, these storage shelters are robust and weather resistant.

- Feet supplied for surface mounting as standard.
- Internal storage area is 2.35 wide x 2.1 high x 1.37 metres deep.
- Powder coated in Light Grey, Dark Blue or Green Germ Guard Active Technology paint.
- Corrosion resistant galvanised panels.
- Full site survey and erection service available.
