

## MANUAL WINCH LIFTER - M200

### Features:

- Lightweight and compact design
- Versatile and easy to operate
- The lifter is designed to remove back strain from all types of lifting work.
- The lifter is a perfect solution for narrow aisles and confined spaces thanks to its overall size
- Operated by a manual hand winch and steel cable
- Automatic brake system ensures a safe lowering
- Long handle for easy moving
- Supplied with platform and forks as standard
- Non-marking swivel castor wheels - 2 of which are fitted with foot brakes
