

Slide on desk dividing screens are available in a selection of acoustic materials to allow employees to define their own boundaries and provide an additional barrier to help prevent the spread of airborne diseases. They are available as one size to clip on and rest on desktops, table tops and workstations to negate the need to reconfigure existing spaces by applying appropriate distance between people.

Frameless design which is easy to attach and slide on to any desk or table

Slide-on dividers can easily be moved to compliment the needs of the agile workspace

Perfect to provide privacy, acoustic properties and a touch of style to your workstation

Acoustic divider manufactured using a minimum of 65% already recycled waste material

The Piano Keys Screen is a breakthrough alternative to traditional floor screens that is changing everything - from the minds of office planners to the hearts of designers. The free-standing screen is made up of three individual acoustic blinds which stand on a sturdy base plate. The fabric covered acoustic panels rotate fully 360° to provide visual protection when closed, or open the space up at any given time.
