

Increase productivity and nurture top talent with Spacestor's plug and play quiet spaces. Fully relocatable pods with integrated technology for the agile worker.

Easy, popular, customisable.

Railway Carriage

Faster, easier and more popular than a meeting room. Pre-wired meeting or quiet space pods that can be placed anywhere.

All change? Simple, just dismantle and take it with you.

Attract and retain talent – very popular, highly appreciated working spaces.

Increase productivity – create pockets of calm for strategic focus work.

Very easy – factory made, pre-configured pods – just plug and play.

Tax efficient – Classed as furniture not 'buildings'.

Tech enabled – built for the agile worker with pre-wired light, power, data and AV.

Maximise your investment – moves when you move.

Make it your own – customise and brand with a wide choice of finishes.
