## Summer 2020

Help remind workers and the public of their responsibilities in terms of hygiene and social distancing, which are considered vital to help in the fight to stop the spread of Coronavirus.

**We can provide alternative products and designs to meet your own business requirements.**

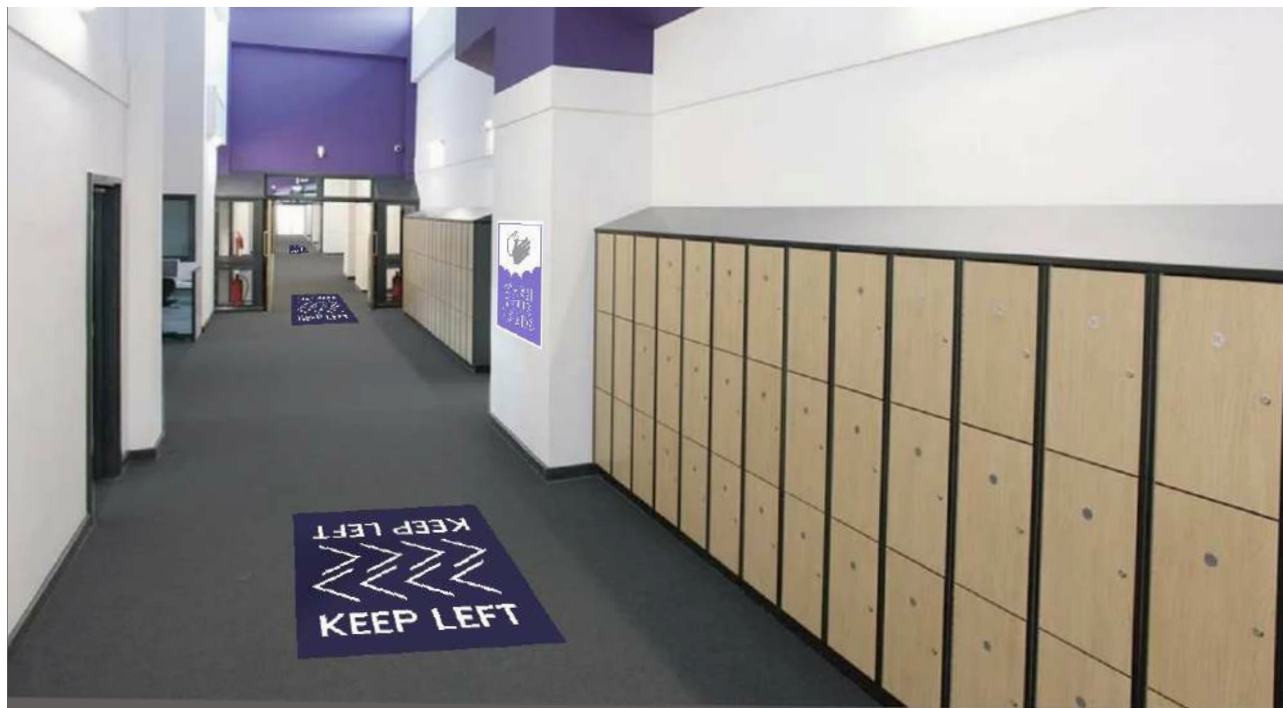

Add corporate logos, fonts, company colours and include unique messages. If you want something different –we can help you stand out from the crowd.

Please get in touch and let us know how we can help your business to improve safety with a consistent brand style across all your signage.

Use clever phrasing, creative illustrations, or other visuals that are both uplifting and in line with the ethos of your brand.

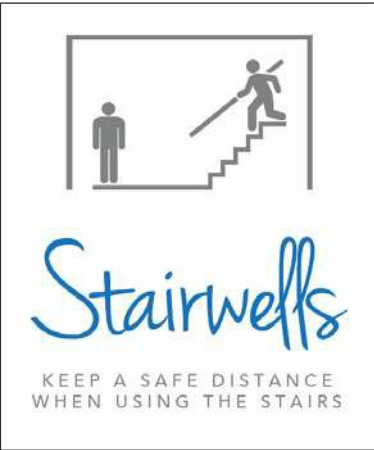

Also consider the material, colour, location and size of these signs so that they are clearly visible to staff, customers and visitors. The way we interact with each other and conduct our day to day business has changed dramatically as a result of COVID-19 but with imaginative designs, we can address these needs proactively. By focusing on these changes, our signage can help guide staff, customers and visitors through new policies and procedures and provide a positive and informative experience, from the point of entry to the moment they leave.

**Reflect your company's brand in all your signage.**

# Social Distancing

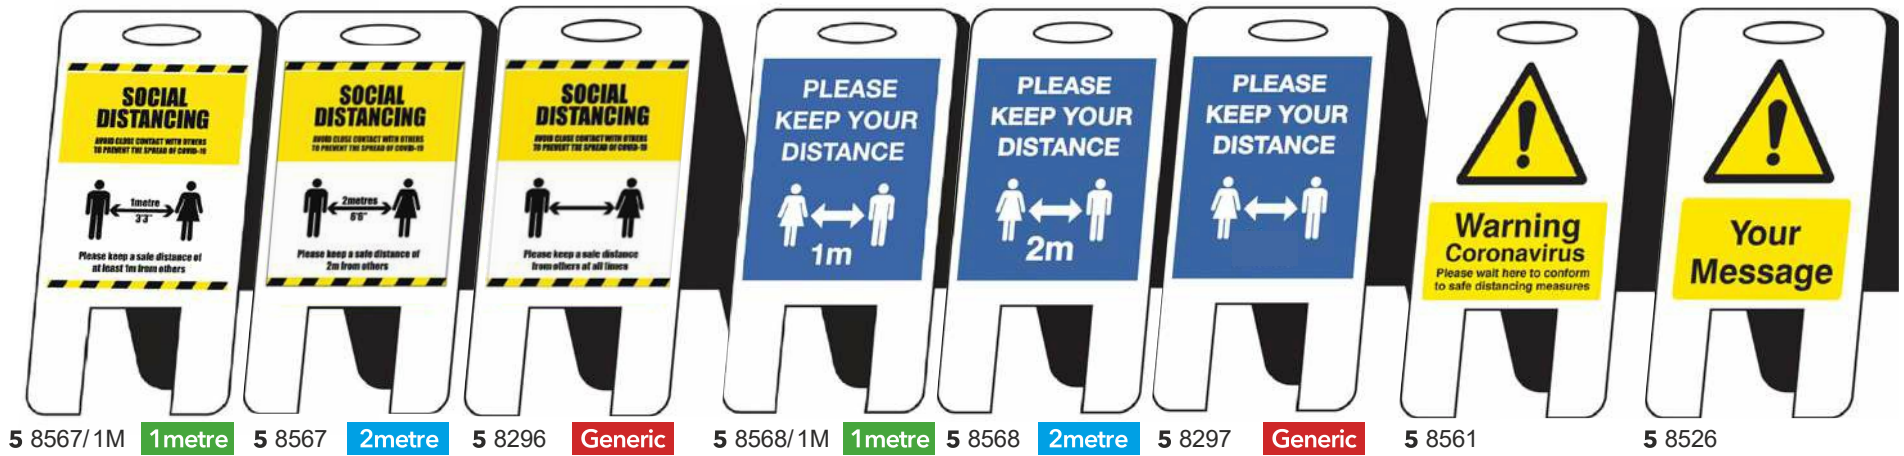

Guidance, education and information are key to ensuring the safety of all. The next two pages contain a range of informative posters and signs.

## Self Standing Signs

These double sided, free standing signs are ideal to attract staff and customers' attention. Yellow warning signs are recognised throughout the UK to highlight potential danger. They are much more likely to be adhered to by customers and staff. Self printed safety messages which are stuck to doors, windows etc are unprofessional, messy and unlikely to be taken seriously. These self standing signs help remind the public of their personal responsibilities in terms of social distancing, considered vital to ensuring the safety of others.

## Self Standing Signs

These double sided, free standing safety signs are ideal to attract staff and customers' attention. Yellow warning signs are recognised throughout the United Kingdom to highlight potential danger. They are much more likely to be adhered to by customers and staff.

Self printed messages which are stuck to doors, windows etc are unprofessional, messy and unlikely to be taken seriously.
